Scouting The Shops

with Sally

Dear Santa Claus,

Do you realize that there are only two more shopping days until Mothers' Day?

Yes, that is right, and we can hardly wait to open our packages, if any.

And since the time is drawing so near, we thought we'd like to sit down and have a little talk with you about it all.

Santa Claus, do you know that there are actually people in the world who don't know what to buy Mother for Mother's Day?

Yes, there are, and the worst of it is that Mother naturally can't very well speak up and help them out. It just wouldn't be proper..... and Mother probably wouldn't get anything at all then.

So Mother has to suffer in silence and think longingly to herself of the thousand and one things she will probably never get.

Confidentially, Santa Claus, just between the two of us, couldn't you tip off your little elves or fairies or someone to the fact that this week's issue of the Shopping News carries the kind of gift suggestions that makes Mother's heart turn over when she thinks of them?

Thick frosted cakes, whist tickets, imported groceries, cream chocolates, new radios, ice-cream, dinners uptown—all rise in dazzling array in Mother's poor brain—to make her think of the things people could give her if they thought of it.

Santa Claus, at this happy season of the year we don't think any Mother should be sitting beside an empty stocking on Mother's Day, thumbing through the Shopping News, with a wistful smile on her lips and a heart breaking, far away look in her eyes. You don't either, do you, Santa Claus?

Our motto is Merry Christmas, Happy New Year and Bigger and Better Mothers' Days. Give Mother the gifts she'll like, selected from the pages of this week's issue of the Shopping News.

Hopefully Yours,
Sally.

Juvenile Drum Corps Whist	1
Perpetual Help Whist	1

Plan Benefit Whist For Juvenile Corps

Daly City Juvenile Drum corps will hold another benefit whist, Tuesday, May 14, 8:30 p. m. in Theatre hall. Proceeds will go to the purchasing of drums for the corps.

The first prize will be cash and there will be two door prizes. The public is invited to attend.

The last whist held for the corps was very successful and it is expected that this whist will be even better.

Kentucky's Crime Bill

Kentucky spends nearly $750,000 net each year prosecuting felonious crime.

Open Bids for Giant 'Convertible' Liners

Rear Admiral Emory S. Land, chairman of the maritime commission, examines a miniature of the newly designed liner that can be converted into a fully equipped airplane carrier. Bids on two such liners, displacing 30,000 tons and 760 feet long, were opened this week by the maritime commission. They will be the largest ships ever built in an American shipyard.

Whist To Benefit Perpetual Help Church

Raising funds for the benefit of Our Lady of Perpetual Help church, local parishioners will hold a huge whist party next Friday evening, May 17.

Playing will begin at 8:30 p. m. at Masonic hall. A substantial first cash prize and other worthwhile prizes will be awarded lucky winners. The public is cordially invited.

This month's whist will be under the direction of parish members whose names begin with L and M.

MEAT SHORTCAKES

suggests Dorothy Greig

Beef Shortcake with Mock Turtle Sauce is suggested for "a good home dinner."

THE first time I ever served a meat shortcake, Grannie nodded sagely and remarked that "another home cook has used her wits." Grannie always encouraged efforts to turn ordinary food into a triumph of flavor and goodness.

Well, meat shortcake is all of that. It's a welcome change, too, from the usual ways of serving meat. Men, in particular, enjoy it just as they enjoy anything in the pie or cake line.

Here are two especially good shortcakes. For one, ground beef is used and for the other, ham.

Beef Shortcake with Mock Turtle Sauce

Filling for Shortcake:

2 tablespoons shortening or butter
¼ cup onions, chopped
1 pound beef, ground
¾ teaspoon salt
Pinch of pepper
½ can condensed tomato soup

Cook the chopped onions in the melted fat until soft. Then add the ground beef and cook until brown. Mix with the tomato soup and seasonings and heat well.

Baked Shortcake:

2 cups flour
¼ teaspoon salt
3 teaspoons baking powder
4 tablespoons butter
⅔ cup (approximately) milk

Sift the flour, measure, add salt and baking powder and sift again. Cut in the shortening, then add the milk by adding a small amount at a time until a stiff dough is formed. Roll out the dough in a piece about 9 x 9 inches square. Put into a buttered baking pan and bake in a hot (450° F.) oven for 15-20 minutes.

Split the baked shortcake, butter while hot and spread the meat filling between the layers. Replace the top half of the shortcake. Cut into slices about 3 inches square and serve a hot sauce over the top.

Mock Turtle Sauce:

1 can condensed mock turtle soup
6 tablespoons water

Add the water to the mock turtle soup and stir well. Heat and serve the sauce over the pieces of beef shortcake.

Ham a la King on Cheese Shortcake

Cheese Shortcake:

1 cup flour, sifted
1½ teaspoons baking powder
¼ teaspoon salt
2 tablespoons butter or shortening
2 tablespoons grated cheese (sharp)
6 tablespoons milk

Sift flour, then measure. Combine sifted flour, baking powder and salt and sift again. Cut in the shortening and add the grated cheese. Then add the milk and mix with a knife until a soft, but not a sticky, dough is formed. Turn out on a floured board; knead lightly and roll or pat ½ inch thick. Cut with a 2½ inch round biscuit cutter and bake in a hot (450° F.) oven for 12-15 minutes.

Ham a la King:

1 can condensed cream of mushroom soup
½ cup milk
1½ cups cooked ham (cut in ¼ inch cubes)
½ pimiento (cut in strips)

Empty the cream of mushroom soup into a saucepan and mix well, then stir in the milk. Add the diced ham and heat. The strips of pimiento should be added just before serving, and the mixture just stirred enough to distribute them. Split the shortcakes, serve a spoonful of "Ham a la King" on the bottom halves of biscuits and serve remaining "Ham a la King" over the top. Serves 4.

Valuable Copper Sludge

Precious metals are recovered from the sludge of copper refineries, says Industrial and Engineering Chemistry. Cadmium is a by-product of zinc smelting. Selenium, now widely used in making ruby-colored glass, was once a waste of copper refineries, and antimonial lead is produced by working up the scum from softening furnaces in lead refining.

Netherlands Defensive Flooding

If the dykes in the Netherlands are open, defense flooding would damage the farm lands, and necessitate the evacuation of thousands of residents, but the water would not be sea water, it would be fresh water from the rivers, or the old Zuyder Zee, now called Ijssel lake. It would do no permanent harm.

Wild Flowers on Rainier

A total of 556 varieties of wildflowers bloom on the alpine meadows of Mt. Rainier, three-mile-high snow peak in Washington state.

Twentieth-Century Shipwrecks

About $170,000,000 worth of gold has been lost in shipwrecks in the Twentieth century alone.

Girl Telephone Employees

The telephone company states that although male operators were used when switchboards were first put into service, it was soon found that the temperaments of men were not suited to such work, so in a comparatively short time they were replaced by girls. Since that time it has been the policy of companies to employ only girls.

An Announcement On Magic . . .

We never pulled a rabbit out of our hats in our life. But we think we have something better than magic—our new INVISIBLE identification system which gives your clothes 100 per cent protection.

NO INK MARKS - NO TABS
NO TAGS

We use a new and harmless type of invisible ink—that can be seen only under the rays of a specially constructed Fantom-Fast lamp which has been installed in our laundry.

No unsightly laundry marks with our new secret way of marking laundry.

Send your laundry to us. You'll be pleasantly surprised with the beautiful work we do!

PENNVERNON WINDOW GLASS

What do you look for in

WINDOW GLASS?

IN buying window glass for a new home or to replace cracked or broken panes, you are interested in three qualifications of the glass you choose. First, clear vision. Pennvernon Window Glass is remarkably transparent and free from defects — and offers a new, life-like clearness of vision. Second, beauty. Pennvernon Window Glass has a unique brilliance of finish on both sides of the sheet — and is, therefore, better-looking than ordinary glass. Third, price. Despite its superiority, Pennvernon costs no more — because of unusually fine facilities for production and distribution. So when you buy window glass, buy Pennvernon. You can always identify it by the Pennvernon label on every light — put on at the factory and left on till you use the glass.

Look! Boys And Girls

YOU CAN GO TO ONE WEEK'S

Summer Camp

AT BIG BASIN, SANTA CRUZ COUNTY

With All Expenses Paid

Through the cooperation of J. W. Marchbank and co-sponsored by the Daly City Recreation Committee and The Daly City Record, 50 local boys and girls will be able to earn their way to a week's summer camp this year. Through a city beautification program, lawn-planting, gardening and like endeavors, children between the ages of 9 and 16 are invited to participate. Read further details below.

ANY BOY OR GIRL Between Ages of 9 and 16 CAN EARN MONEY

Not only is it fun to plant a lawn or raise a flower garden, but it will pay dividends this summer to at least 50 boys and girls. A full week at Camp Shadowbrook in Big Basin, Santa Cruz county, has been offered to children between the ages of 9 and 16 who participate in the lawn-planting and city beautification program.

Camp Shadowbrook is conducted under government supervision by District No. 9, Division of Recreation, Works Projects Administration. Situated in beautiful Santa Cruz county, it is free of poison oak, snakes and other annoyances found in other areas.

Two periods of encampment, one for girls and one for boys, have been tentativly set to start in July. There will be at least one adult leader for every eight boys and same ratio of women instructors for girls. All leaders are first aid experts, and a doctor is on call at all times during the encampment.

Further details about the camp may be secured from the Daly City Recreation Department, 101 Parkview avenue.

LOCAL NURSERIES, STORES COOPERATE

Full support to the lawn-planting, gardening and city beautification program was given this week by leading nurseries and merchants of Daly City and Colma.

"It's a program whereby everyone participating is benefited," one nurseryman said.

Another stated: "I'll be glad to instruct the boys and girls in the art of raising a good lawn."

Participants are fortunate to live in a climate which grows lawns the year 'round, is excellent for flowers and general botanical development. Water, too, is inexpensive, the result of a successful municipally-owned system.

LAWN-PLANTING & GARDEN PROGRAM BENEFIT TO CITY

Without a doubt, the city of Daly City will benefit greatly from the extensive lawn-planting and beautification program outlined by the Daly City Recreation Committee.

At least 50 back yards and front yards will blossom out in an array of cool green before Fall sets in, and as such things imbue a "Keep up with the Joneses" attitude upon the minds of neighbors, many will follow the good examples and spruce up their own yards.

If you are in the market for some help in planting your lawn, contact the Recreation office, 101 Parkview avenue, now, as there may be assistance available when the program gets under way.

APPLICATION BLANK

(Fill out and bring to Daly City RECREATION OFFICE 101 Parkview avenue.)

I AM INTERESTED IN GOING TO SUMMER CAMP AND WOULD LIKE TO PARTICIPATE IN THE CITY BEAUTIFICATION PROGRAM IN ORDER TO RECEIVE ONE WEEK'S EXPENSE-FREE ENCAMPMENT.

Name ..... Age .....

Address ..... Phone .....

I HEREBY GIVE MY CONSENT FOR MY CHILD TO PARTICIPATE IN THE CITY BEAUTIFICATION PROGRAM WITH THE IDEA OF EARNING ONE WEEK'S ENCAMPMENT AT BIG BASIN THIS SUMMER.

(Signed) .....

Human Torch Saves Own Life

Transformed into a human torch by exploding gasoline, William Moore, 17-year-old part-time employe at the Rockaway Beach garage, saved his life Thursday by rolling in wet grass

Suffering from first and second degree burns of both arms, back and side, he was brought to Junipero Serra hospital here where physicians said he would recover.

The mistake of young Moore, who resides at 156 Sagamore street, San Francisco in thinking a can contained water instead of gasoline caused the near tragedy at the coastside garage.

Witnesses said some person threw a lighted cigarette among papers just outside the garage doorway and started a fire. Moore picked up a can of what he thought was water and threw it on the fire.

The gasoline exploded, showering the youth with a fiery spray and setting his clothing ablaze.

Showing quick presence of mind, he rolled in wet grass and extinguished his flaming garments.

He was rushed to the hospital in an automobile by another garage employee, Ricco Romeno of Rockaway Beach.

A corrugated iron cavering on the outside of the garage saved the building from catching on fire.

Buddha's Eyeglasses

According to Collier's, Buddha, the founder of the world's great religions, is the most sacred personage ever depicted in a statue wearing eyeglasses.

Gasoline Taxes

American motorists paid more than $7,000,000,000 in gasoline taxes in 19 years after the first tax of this kind was levied. This is almost as much as the federal government requires for one year's running expenses.

NEW FILM HIT, "LITTLE OLD NEW YORK"

That's the world's first steamboat, the "Clermont," steaming up the Hudson river on its maiden voyage in Darryl F. Zanuck's production of "Little Old New York," 20th Century - Fox picture now at the Daly City theatre. Featured in the robust drama are (left to right) Richard Greene, Alice Faye, Fred MacMurray and Brenda Joyce.

First White Visitor

On March 6, 1521, Ferdinand Magellan, the first white man to go to the South Sea islands, landed on Guam, the southernmost island of the Marianas group.

Pulpwood Leads

Pulpwood continues to be the most important forest product in Canada, having a value in 1937 of more than $63,000,000.

Auto's Price in 1907

The average price of autos in 1907 was $2,131.

Streamlining Automobiles

The trend toward streamlining autos began in 1910.

First Successful Air Flight

The Wright brothers made their first successful airplane flight in 1903.

Hatless Fad Not New

The hatless fad, which was at its height in '32 and '33, was neither new nor collegiate. It dated back before the American Revolution to the time when English dandies carried their hats in their hands to avoid mussing their curled and powdered wigs.

Model Airplane Builders

There are more than 1,500,000 young people engaged in constructing and flying model airplanes.

ICE FOLLIES OPEN IN S F ON WEDNESDAY

Fresh from a record breaking tour of the east, the Ice Follies of 1940, newest edition of the famous musical revue on ice, is ready to break more attendance records in San Francisco at Winterland, commencing Wednesday, May 15.

In its first visit to this city, last year, the Ice Follies played before 400,000 persons over a period of seventeen weeks, establishing an all-time high for shows of this or any other nature.

In less than one year, the Follies has been shown to approximately 1,500,000 people. This includes sell-out performances in New York's Madison Square Garden, in Boston, Washington, D. C., Philadelphia, and Pittsburg.

The cast which delighted multitudes in San Francisco last year, is back again. Production is the keynote of the new Ice Follies. The revue this year is composed of a number of closely-knit exhibitions combining three and four separate features.

In the opening number, which is called "Arctic Fantasy," settings are spectacular, with igloos reproduced from the far North and northern lights in the background. Against this a giant snowman and three polar bears cavort while twelve snow beauties do a "Northern Belles" number in which bells they wear actually play melody.

Bess Ehrhardt, "America's sweetheart of the ice," Roy Shipstad, American champion; the famous Evelyn Chandler; Oscar Johnson, Eddie Shipstad, Osborn Colson, Canadian champion; Fran Claudet, Ruby and Bobby Maxson and others who were here

Fireproofed Cotton Insulation
The possible use of fireproofed cotton as an insulating material in the construction of homes, office buildings, and other structures has been suggested in Texas, where such a process has been developed.

U. S. Highest Lake
The highest lake in the United States having an area greater than one-tenth of a square mile, is Tulainyo, 1½ miles northeast of Mount Whitney, Calif. It has an elevation of 12,865 feet.

CCC Food Supplies
It takes 1,500,000 pounds of food every day to feed the boys in the CCC camps.

Cosmetic Revenue
The federal government collects approximately $1,000,000 monthly in internal revenue taxes on cosmetics.

CCC Extended to 1943
Congress has extended the Civilian Conservation corps to June 30, 1943.

Washington's Farewell Address
Washington's "Farewell Address" was written primarily to eliminate himself as a candidate for a third term. It was never read by the President in public, but printed in Claypoole's American Daily Advertiser, Philadelphia, September 19, 1796. The address is in two parts. In the first Washington definitely declines a third term, gives reasons, and acknowledges a debt of gratitude for the honors conferred upon him and for the confident support of the people. In the second, more important part, he presents, as a result of his experience and as a last legacy of advice, thoughts upon the government.

What an Animal!
The biggest land mammal that ever lived is called a Baluchithere. Its bones were found by the American Museum of Natural History on one of its expeditions to Mongolia. This prehistoric beast must have been able to browse on leaves more than 25 feet above the ground, according to measurements of its reconstructed skeleton.

Ghetto in Amsterdam
Probably no Ghetto in Europe has more American visitors than the one in Amsterdam. They come to No. 41 Waterloo Plein to see where Spinoza was born, and to the house at No. 4 Jodenbree street where Rembrandt lived for 16 years.

Australia's Wool Production
With Australia's wool production increased from 143,300 bales 11 years ago to 238,000 bales now, the country remains its own third best customer. Only France and Great Britain purchased more Australian wool last year than did Australia.

Taxes on Motorists
Motor car owners pay a total annual tax bill of $1,320,000,000 on oil, gas and license plates, according to an estimate by the League of Women Buyers and Taxpayers. This is more than manufacturers get for new cars in a year.
